MATLALA - RAKWADI PRE SCHOOL

- 2019-07-09 - The royal council was visited on and consulted and to identify the new project.
- 2019-08-27 - The royal council was visited again and consulted, Rakwadi Pre School in Nonparella was identified as the new project.
- 2019-08-28 - Rakwadi Pre School in Nonparella was visited and site inspection was done with School personnel and Nonparella Induna
- The existing pre-school was a single classroom 4 x 8 meter big with roof that was full of holes and in a bad condition.
- There was two pit toilets , no running water and no kitchen to repair food for the children
- The need is to build a new classroom next to the existing room.
- Replace the roof of the existing classroom, paint it, replace broken windows and transform it into a kitchen and storage area .
- Supply and install a gas stove in the kitchen, where they can cook on.
- We identified places in the area to buy building material and identified a local builder, painter and labour from the area to help with the project.
- The pre-school hold twenty children and three teachers.

The word "Thanks" is written in a bold, purple, brush-stroke style font. It is centered on a large, textured orange circle that has a paper-like grain. To the left of this circle is a smaller, white, textured circular object with concentric rings, resembling a woven basket or a piece of fabric. In the top right corner, a portion of a glass filled with an orange liquid is visible, overlapping the orange circle.
