MASEKE COMMUNITY HALL

- In August 2021 Ba - Maseke Traditional Council in Phalaborwa was visited and consulted to identify the new project.
- Kgosi Rossley Malatji and her council identified the need for a community hall where meetings can be held.
- The project was started on 24 August and completed on 15 October. We erected a 10 x 5 meter Thatched Lapa with concrete floor and counter
- It was challenging because there was no water in the area and we had to take water in 1000 litre tanks from the Factory to use during the building process.

MASEKE COMMUNITY HALL

Start of Project

CONSTRUCTION STAGES

COMPLETION

The background features a large, textured orange circle on the left, a smaller, glossy orange circle partially overlapping it at the top right, and a white circular object with concentric rings on the bottom left. The overall scene is set against a soft, warm, yellowish background with faint shadows of palm trees.

Thanks
