MAIN PROJECT - EVENTS

Supply a 15 meter x 20 meter Marquee tent that can seat 600 persons, 600 plastic chairs and 10 steel tables

- In October 2023 Hoshi NI Lebogo and the Bahanawa Traditional council was visited and consulted to identify the new project.
- Hoshi Lebogo and his council identified the need for a Marquee tent and chairs that can accommodate in the vicinity of 500 to 700 persons for events and church gatherings.
- They have 3 big community gatherings and events and several big church gatherings annually, and they have no big enough venue to accommodate the amount of people. The community must sit in open areas exposed to the weather conditions during these functions.
- Due to no local suppliers of marquee tents in the Limpopo Province a got a supplier in Pretoria.
- They will supply a 15 meter x 20 meter Marquee tent that can seat 600 persons, 600 plastic chairs and 10 steel tables. It also includes delivery from Pretoria to Malebogo and setup.
- The setup fee was optional, but I think important, because it includes training for selected community members how to setup the tent on there own.
- According to the supplier the Marquee, chairs and tables will be ready for delivery before the end of November 2023.
- A time for delivery and setup to be arranged 15 persons must be available for the setup and training.

The background features a large, textured orange circle on the left, a smaller, glossy orange circle on the top right, and a white circular object with concentric rings on the bottom left. The overall scene is set against a soft, warm, yellowish background with faint shadows of palm trees.
